

MES 9 Child Care

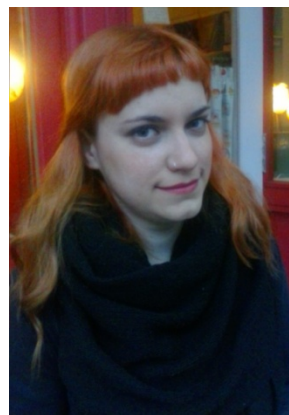

The idea

If you are planning to attend the *9th International Mathematics Education and Society Conference* at Volos this April bring your children along. Two kind and accomplished educators, Eirini and Eirini, will be there for you and especially for them. During the conference procedures there will be a playroom where your children will be able to play, create and have fun.

People

Eirini Lazaridou

Eirini Avgoustaki

Eirini Avgoustaki and Eirini Lazaridou both have graduated from the Department of Early Childhood Education at the University of Thessaly and are currently post-graduate students in the same department. Eirini A. participates in theater and music, whereas Eirini L. gets involved with photography, drawing and contemporary dance. They are both working with children in the early ages and love spending creative and fun time with them.

Planning and Cost

Child care involves creative activities with the children. In addition, we can also provide healthy snacks or lunch for children in our morning and afternoon meetings for the days you wish.
